

SERIES:	Masters Endurance Legends 1
DATE OF ISSUE:	28 <sup>TH</sup> April 2026
SUBJECT:	Illuminated Race Numbers

Due to the change in race format for MEL 1 cars competing at the *Grand Prix de France Historique in Paul Ricard on 08-10th May 2026*, it is a mandatory safety requirement that all cars have illuminated number panels on each side of the vehicle.

These illuminated panels must be controlled with the main lights of the car and must be turned on for the duration of the endurance race. The correct operation of these light panels will be checked during the main scrutineering procedure.

This mandatory requirement is applicable to MEL 1 Endurance races at the following events:

- |                                    |                                 |                           |
